

**Summarising**

**Week 4**  
The class will share the story *Whatever Next*. Children will retell the story by creating a story map, where they will draw pictures for the key parts and label these with key vocab.  
The children will be encouraged to explain why they think their chosen parts are key to the story.

**Week 5**  
Children will have the chance to practice their de-coding skills but reading aloud a series of sentences from the text. They will then use their familiarity of the story to order the sentences correctly.

**Week 6**  
Children will express their familiarity of the story by summarising the text in different ways. This will include writing a blurb for the back of the text outlining what the story is about, Writing a news report which summarises the key events and creating character profiles using what they have learnt about the characters personality.
