

Our vision for Art and Design at our school...

At Nyewood CE Infant School, children use the creativity, imagination and confidence God has provided them with, to design and create models

Children in our school will learn about...

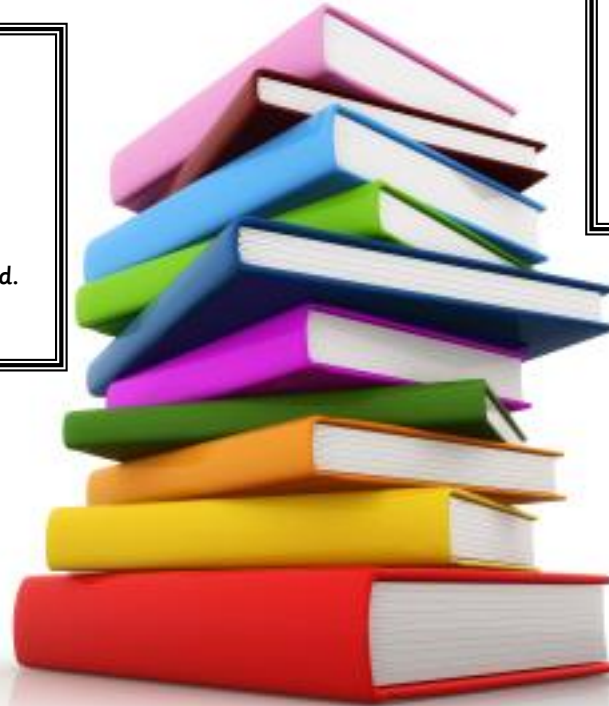

- Producing designs and models for their own criteria.
- Becoming confident in using a wide range of tools and materials.
- How to handle and use tools correctly.

How to talk about their choice of design and materials used.

All children will have the opportunity to...

- Make choices about their design and articulate their decisions.
 - Work at different scales and sizes.
 - Create work for a range of purposes
- Work independently, with a peer, with a teacher and in a group.
- Understand and use specialist vocabulary
- Be resilient learners and understand the importance of uniqueness.
- Evaluate their own work and others.
- Use cross-curricular skills

Nyewood CE Infant School
Design Technology

By the end of the EYFS children will...

- Have explored and used a wide range of tools and materials.
- Be able to share their thoughts, ideas and feelings —be able to talk about their choice of materials and start to explain their reasons
- Know how to safely use and explore a variety of materials, tools and techniques.
- Use what they have learnt about tools and materials, thinking about uses and purposes.
- Represent their own ideas through Design Technology.

By the end of Key Stage 1 children will...

- Be able to use a range of materials creatively to design and make products.
- Design purposeful products for themselves and other users based on design criteria
- Be able to generate, develop, model and communicate their ideas through talking, drawing, templates, mock-ups and, where appropriate, information and communication technology

We enrich the curriculum in Art and Design through...

- Celebrating models and design that they have produced outside of the school.
- Displaying work within school, to stimulate a child's design talents.
