## Section A: Governing body's statement of intent

### 1 Declaration

The governing body supports the aims and objectives of the West Sussex County Council Local Authority Health and Safety Policy for Educational Establishments. This document aims to set out the arrangements by which the governing body will assist in achieving a safe workplace.

The governing body, are the employer and so hold the duties set out for the "employer" in the Health and Safety at Work etc. Act 1974.

It will be the governors' policy to encourage, where practicable, the co-operation of all users of the establishment by discussion and consultation to promote and develop measures which ensure health and safety at work.

The governing body recognises and accepts its responsibility for the maintenance of safe access and egress, the maintenance of the premises, and minimising risks to health arising from plant or substances used on the premises, in so far as they are competent under the scheme for Local Management of Schools.

### 2 Health and Safety duties

To achieve the objectives laid down above, the governing body accepts the following duties:

- a) To participate in and/or arrange for inspection of the school premises in order to identify any risks to health and safety arising from the buildings and grounds, any fixtures or contents, the uses to which they are placed, and arrangements for safe access and egress. The inspection report shall be considered by the governing body, which shall determine any necessary follow-up actions.
- b) To take reasonable steps to ensure, when employing a contractor at the premises, that work is undertaken in a safe manner, so that they do not expose School employees or persons using the premises to health and safety risks.
- c) To ensure contractors work safely, the governing body shall follow the guidance, published on West Sussex Services for Schools.
- d) To ensure that any defect in the premises, when reported, is rectified and/or action taken to prevent persons being affected by that defect.
- e) To record and report any defect or concern together with the action taken to rectify the situation. This would include any minutes of any meeting, and of discussions with employees, the head teacher or members of the governing body.
- f) To ensure that an agenda item entitled 'health and safety is included on the agenda for termly meetings of the governing body.
- g) To consult with employees or employee representatives on matters affecting their health and safety.

- h) To meet the legal obligations specified in the Health and Safety at Work Act, the Management of Health and Safety at Work Regulations and other statutory orders and in particular to:
- 1 Undertake risk assessments and record any significant findings that lead to actions/plans consequent to their assessments.
  - 2 Provide training for health and safety.
  - 3 Disseminate information to staff and others.
  - 4 Provide adequate supervision.
  - 5 Monitor health and safety standards and systems of management.

The governing body will abide by any instructions and take heed of any information issued by H&S Advisers from WSCC and will enhance this where necessary with local rules and procedures to take account of its own responsibilities.

The organisation of the system for internal communications, delegation of specific functions and arrangements particular to occupational hazards, staff welfare and the safety of pupils are outlined in appendices to this document.

## THE ORGANISATION FOR HEALTH AND SAFETY

### Health and safety responsibilities

The Governing Body has strategic responsibility for health and safety within all areas of the schools undertakings. The governing body is responsible for ensuring that there is access to competent health and safety advisers on all health and safety matters in order to comply with Health and Safety Legislation.

The Head Teacher has responsibility for the day-to-day operation of health and safety and welfare policies and practices, as delegated by the governing body, within all areas of the school's undertakings. The Head Teacher is responsible for ensuring that advice from competent health and safety advisers is sought on health and safety matters in order to comply with Health and Safety Legislation.

### He/she must

- a) Make him/herself familiar with any documentation and/or instruction referring to the health and safety arrangements for staff, building maintenance or operation of the school and maintain an up to date file of policies and arrangements etc.
- b) Taking account of any advice and guidance set out in the Authority's Health and Safety Information System, organise a risk assessment where significant risks are identified and ensure, as far as is reasonably practicable, full implementation of any control measures.
- c) Ensure that all statutory registers and records are accurately kept.
- d) Ensure that all staff and persons affected by the school are aware of first aid facilities, evacuation of premises and other emergency procedures.
- e) Ensure the reporting and investigation of all accident; ensure all persons under their control are aware of the reporting procedure.
- f) In the event of any hazard or risk to health and safety of any persons under their control, take appropriate action to remove the hazard. Where action taken is of a temporary nature consult as appropriate to enable further positive steps to be taken.
- g) Ensure that health and safety matters are taken into account when new methods, equipment or change are being considered or planned.
- h) Monitor and review arrangements to control risk and ensure by frequent inspection that all machinery, equipment and plant is maintained in a safe condition, that safety devices are fitted and maintained and that safety rules are observed and safety equipment worn. If during an inspection variations from this policy are observed, immediate effective steps must be taken to rectify the situation.
- i) In those instances, involving health and safety and cost implications liaise with the governors to clarify responsibility. The event of disagreement should not prevent emergency action – e.g. erecting a barrier to fence off a hazard.
- j) Take appropriate action under the disciplinary procedures against anyone under their control found not complying with the letter and spirit of this statement.

In large establishments the Headteacher may nominate a deputy/senior member of staff to undertake this role. He/she will be responsible for assisting the Headteacher to achieve his or hers duties. It may also be advisable to organise a line of communication through senior members of staff. It is essential that all staff be made aware of the arrangements which apply.

Department Heads are responsible for ensuring that safe working conditions are maintained for all pupils, employees, visitors, members of the public and, where applicable, contractors throughout their individual work areas, as delegated by the Head Teacher or governing body and detailed in the organisation section of the policy. Department heads are responsible for ensuring that advice from competent curriculum and health & safety advisers is sought on health and safety matters in order to comply with Health and Safety Legislation. Department heads are responsible for ensuring that advice from competent curriculum and health & safety advisers is sought on health and safety matters in order to comply with Health and Safety. They are responsible for ensuring that safe working conditions are maintained for all pupils, employees, visitors, members of the public and, where applicable, contractors throughout their individual work areas, as delegated by the Head Teacher or governing body and detailed in the organisation section of the policy.

(For the purposes of this document, a manager is any person who exercises a supervisory function over employees).

All levels of management must appreciate that their responsibilities for health and safety are no less than for any other function. They have a duty to do everything reasonably practicable to provide and maintain buildings and equipment, systems of work, a workplace and a working environment that are safe and without risk to health.

To this end the governors and staff in positions of responsibility have the responsibility to ensure that information, instruction, training and supervision necessary to ensure the health and safety at work of all employees are provided, and that these arrangements are monitored and reviewed.

With their special knowledge of the area of work for which they are responsible these persons have a key role to play in the running of those activities safely. They must ensure that risks are assessed and control measures implemented.

To this end they are expected to ensure that all employees under their supervision know the relevant safe working practices and that the arrangements for working are safe. They should familiarise new staff with safety aspects of their works and should make sure accidents are reported immediately, and preserve the health and safety of those other than staff insofar as they are affected by the work supervised.

Employees are responsible for their own health and safety, that of their colleagues and members of the public who may be affected by their work activities.

In addition to any specific responsibilities which may be delegated to them, all staff must:

- a) Make themselves familiar with and conform to this safety policy, including any instructions and requirements for safe methods of work.
- b) Make sure they are aware of the hazards associated with their work and familiarise themselves with emergency procedures, first aid provision on accident reporting.
- c) Take reasonable care of all safety equipment and clothing given into their possession and report any defects. Always wear safety equipment when undertaking those jobs for which is required and use all safety devices provided.
- d) Report all accidents, damage, hazard and defects to the Headteacher/Business Manager responsible/safety officer and take immediate measures to protect persons from risk where these are significant and imminent.
- e) Conduct their activities so that their own and others' risks are minimised appropriately.

To achieve these objectives, there will be consultation with employees and/or their elected representatives with a view to maintaining and promoting safe working procedures and practices, in particular.

- a) A safe place of work for all employees, and those persons who may be affected by work activities (this will include safe access to and egress from the workplace).
- b) A safe and healthy environment for employees to undertake their work.
- c) The provision of safe plant, equipment tools.
- d) Arrangements for the safe use, handling and storage of substances, with detailed systems of work where required.
- e) Provision of information, instruction, training and supervision.
- f) The establishment of joint consultation, to discuss and develop the effectiveness of this policy with employees and, where practical, representatives of persons, other than employees, using plant, equipment and facilities under the control of the governing body.
- g) This policy and any arrangements that are made will be monitored, reviewed and modified as required.

General advice and guidance on a range of issues directs managers and staff to other publications and documents forming the schools Health and Safety Information System. Guidance can be found on the Health and Safety A-Z pages found on the West Sussex Services for Schools (WSSfS). [Resources | Page | SLA Online \(sla-online.co.uk\)](#)

A number of issues can be effectively managed at a local level. Documents, notes, codes of practice or safety rules will be recorded in writing. These are noted in this policy and referenced in the appendices and located within the Health and Safety file located in the staff cupboard under the pigeon holes.

### **Accident and Incident Reporting**

All accidents and incidents, to staff, visitors and contractors are reported to WSCC using the online accident reporting system. Minor incidents to pupils are recorded locally major injuries and direct visits to hospital are also reported to WSCC using the online system.

Office Team and Business Manager are responsible for reporting accidents

The Head teacher will monitor accidents and incidents in order to identify trends and report to the governing body.

### **Administering medicines**

The school's Managing Medicines Policy details the procedures followed by the school and is based on WSCC policy and procedures. The lead for the administration of medicines is Lead First Aider A copy of the policy is available from the school office.

### **Asbestos**

The school holds an asbestos register and follows the WSCC Code of Practice regarding monitoring and record keeping. All contractors working on the building are made aware of the location of asbestos and sign the register. Staff are made aware of the location of asbestos and the procedures to follow if discovering disturbed asbestos. The Business Manager is responsible for asbestos management

### **Control of Substances Hazardous to Health (COSHH)**

All hazardous substances stored and used within the school are to be risk assessed and the precautions identified by the risk assessment shall be communicated to staff and implemented. These assessments will be held in the school's COSHH risk assessment file, along with the relevant data sheets and made available to all employees who are required to use these substances in their work. The Finance Assistant is the designated person for ensuring that the COSHH risk assessment file is kept up to date and communicated to relevant staff.

### **Contractors**

Maintenance and servicing contractors receive an induction to the school site (including asbestos), its facilities and emergency arrangements. Contractors undertaking large scale building work receive all of above and an induction pack which includes relevant school policies, procedures and risk assessments. The school adheres to WSCC self-managed process and uses only WSCC approved contractors.

Contractors are continuously monitored whilst on site. The Business Manager is responsible for the management of contractors

The governors recognise that some curriculum areas represent an increase in risk; these departments hold department specific health and safety arrangements, which are regularly reviewed and communicated to the relevant staff.

The Expressive Arts & Design Team - responsible for Design and Technology

The Physical Development Team – responsible for Drama and Theatre Arts

The Physical Development Team – responsible for Physical Education

Team – responsible for Science – responsible for Science

### **Display Screen Equipment (DSE)**

Every DSE user will have a risk assessment completed to make sure they know how to adjust and set up the workstation correctly. It is the responsibility of The Business Manager to ensure assessments are completed by relevant staff. The risk assessment can be carried out by the workstation user through the e-Learning programme and assessment checklist. This is available on Health and Safety A-Z pages of the West Sussex Services for Schools.

DSE user risk assessments will be reviewed periodically by The Business Manager, at least annually, or if there have been any significant changes to the workstation. A review of the original assessment must be undertaken as soon as practicable by the line manager when an employee complains of musculoskeletal or other health issues that could be attributed to, or aggravated by, working with DSE

### **Electricity**

All portable electrical equipment within the school is to be tested annually and records of these tests will be held at the school.

Private portable electrical equipment must not be brought into the establishment and used without the appropriate checks.

A 5-yearly check of the fixed electrical installation is completed and records kept.

Electrical safety is managed by The Business Manager.

### **Emergency Provision/Business Continuity**

The Emergency Plan details procedures and arrangements to be used in the event of an emergency. This includes liaison with WSCC and the emergency services, provision for the continuation of school business and arrangements to contact interested parties i.e. parents and the press. All staff are trained in the procedures contained within the emergency plan and are able to take the appropriate action if required. The emergency plan is regularly monitored and reviewed by Headteacher.

### **Fire Safety**

Anna Wells, is the designated person for fire safety within the establishment. The designated person will ensure that:

- The school's fire risk assessment is kept up-to-date by annual review or in response to significant changes to premises or work arrangements.
- There is reasonable fire-fighting equipment in the school, it is maintained and maintenance records are kept.
- The fire safety equipment, e.g. fire alarm, emergency lighting, etc. is regularly checked, maintained and records are kept.
- There are no general fire hazards around the building, particularly near escape routes, escape routes are unobstructed and that there is access for fire fighters.
- Staff and pupils are practised in evacuating the premises by performing termly drills, monitoring their effectiveness and keeping records.
- Develop personal emergency evacuation plans (PEEP) for those staff and/or pupils who require additional assistance to evacuate the premises.

They will also ensure that the establishment has in place an up to date Emergency Fire Plan, which details the procedures to be followed in the event of a fire. The plan must be prepared to ensure that

people within the establishment know the action to take if there is a fire, and to ensure the establishment can be safely evacuated.

Where necessary, the Emergency Fire Plan will include the following features:

- Action on discovering a fire and calling the fire service (these notices will also be displayed throughout the establishment)
- The location of the assembly point for roll call
- Liaison with emergency services
- Identification of key escape routes
- The type and location of fire-fighting equipment provided
- Specific responsibilities in the event of fire (adequate number of fire wardens to assist with the evacuation)
- Training (in house fire safety awareness training is carried out annually for all staff).
- Any need to co-operate or co-ordinate with other responsible persons that will be operating within the premises.

### **First Aid**

The lead First Aider is Oliver Finniear the following staff are trained First Aiders:

Rachael Greenway, Sue Payne, Hazel Slings, Nikki Hadaway, Claire Conway, Alison Merrick, Lisa Albert, Lorraine Sheppard, Maxine Trent, Donna Moores, Kris Spray. Details of the school's first aid trained staff is displayed in the first aid room/area. The lead First Aider monitors first aid training to ensure certification remains in date.

A first aid risk assessment has been completed and provision is in place, following the findings of the risk assessment. Suitable and appropriate first aid cover is provided at all times during the working day and after hours to cover breakfast and after school clubs and all staff members are aware of the arrangements in place.

The lead First Aider is the designated person for ensuring the first aid kits are kept fully stocked and items are within date, checks of first aid kits are recorded as completed.

### **Food Safety**

The lead Food Safety is the responsibility of Chartwells and this paragraph is not applicable to our school as Chartwells have their own Health & safety procedures. The Food Safety lead will ensure that there are arrangements for safely and hygienically receiving food from suppliers and preparing it for serving to pupils. The kitchen, servery and dining area are to be cleaned daily and after each use. Meal time supervisors are ensure that any spillages are cordoned off, cleared up immediately and the floor surface left clean and dry before being opened up to pupils again. All incidents are to be reported to the food safety lead.

### **Glazing**

The school holds an up to date Glazing Survey and regularly monitors glazing as part of the premises inspection. The caretaker is responsible for glazing management.

## **Gas Safety**

The school ensures that the gas boilers and other gas appliances are serviced and maintained regularly. The Business Manager is responsible for gas safety.

## **Induction**

All new employees are informed of the school's health and safety arrangements and procedures using the induction checklist available within the Health and Safety A-Z on the West Sussex Services for Schools. Staff will also complete the eLearning 'Schools Health and Safety Induction' and records will be kept. The Senior Leadership Team are responsible for the induction of staff.

## **Infection Control**

The school seeks to manage the spread of infection to prevent ill health from disease i.e. coronavirus, norovirus, hepatitis etc. The school follows the exclusion periods for all infectious diseases set by Public Health England and these are communicated to parents. Risk assessments are completed for infection control and specific diseases and communicated to staff. These risk assessments are supported by infection control procedures i.e. hand washing, increased hygiene and cleaning protocols and where identified by risk assessment personal protective equipment (PPE) is worn by staff. Where the school is aware of the risk of transmission of an infectious disease specific arrangements are in place for the administration of first aid to a potentially infectious pupil, visitor or member of staff. As required under the Reporting of Incidences Diseases Dangerous Occurrences Regulations (RIDDOR) infectious diseases that meet the RIDDOR criteria are reported via the online accident reporting system and onto the Health and Safety Executive (HSE) by the WSCC.

## **Lone Working**

Lone working is discouraged, however where employees are required to work alone, the risks should be assessed and adequate controls put in place.

The Headteacher is responsible for risk assessing and producing lone working procedures.

## **Monitoring, audit and review**

The Governing Body shall receive termly reports on Health and Safety and will regularly inspect and monitor the premises. Regular review of procedure shall be undertaken in the light of operational practice, new laws and new policy/directives of the Local Authority. The operational practice and procedure shall be constantly monitored by the head/local safety officer. The Governing body shall prepare an annual action plan to address deficiencies in health and safety arising from the Head teachers' annual report.

## **Moving and Handling of Customers and the Manual Handling of Inanimate Loads**

Manual handling is defined as the transporting or supporting of a load (including the lifting, putting down, pushing, pulling, carrying or moving thereof) by hand or bodily force. Consequently, the Manual Handling Operations Regulations apply to a wide range of operations; in this context it applies to both the moving of inanimate loads (manual handling) and the moving and handling of children where they are unable to do this unaided (moving and handling).

Where manual handling or moving and handling tasks are undertaken, The Governing body will designate suitably competent staff to undertake risk assessments of the activities, and ensure staff working in these areas receive the necessary training and instruction.

The Headteacher is responsible for developing and reviewing moving and manual handling risk assessment.

### **New and Expectant Mothers**

Any staff member who becomes pregnant is to inform the Head Teacher of this and an appropriate risk assessment is to be undertaken following the guidance contained within the Health and Safety A-Z on the West Sussex Services for Schools. The school recognises the changing nature of pregnancy and will regularly review risk assessments to ensure that working at the school will not pose any risk to their health and safety and that of their unborn child.

### **Off-site activities**

All off site activities are risk assessed using the WSCC system. WSCC Outdoor Education Advisor audits the schools systems. Educational Visit Co-ordinator (EVC) is the schools Educational Visit Co-ordinator.

### **Play equipment**

External and internal play and physical education (P.E.) equipment is serviced by Universal Services and inspected as part of WSCC SLA. P.E. equipment is checked prior to every use by the teaching staff any defects are reported immediately to the Head teacher. Caretaker and duty staff regularly monitors external play equipment and defects are reported immediately to the Head teacher. Faulty equipment is immediately decommissioned.

### **Premises Maintenance**

The internal and external premises will be inspected at regular intervals by the Caretaker. The Business Manager and Health & Safety Governor inspections are recorded and resulting issues reported to the Head teacher will inspect the internal and external premises at regular intervals. The school is to be kept clean, tidy and free from hazardous obstacles. Staff must report any defective equipment, furniture or premises issues to the Business Manager using the defects log. The Caretaker will sign and date completed actions in the log.

### **Risk Assessments**

Risk assessments are a legal requirement under health and safety law and the Head Teacher will assess all risks arising out of the curriculum and associated work which the school undertakes. In accordance with corporate guidance risk assessments will be recorded in writing and reviewed annually or following a significant accident and or incident.

### **Staff Welfare/Stress**

The governing body considers staff welfare of paramount importance, and seeks to promote a work/life balance amongst their staff. The Head teacher is constantly monitoring staff workload and every effort is made to make effective changes if staff are experiencing stress at home or work. The school also utilises the services of Health Assured and Occupational Health.

### **Training**

The school ensures that all staff are provided with adequate information, instruction and training to perform their roles. Training requirements are discussed during induction, professional development reviews and one to one supervision. Training records are kept and reviewed by the Business Manager.

## **Water quality**

The Caretaker is responsible for monitoring and recording water temperatures at the school to ensure water quality is maintained. A bi-annual water quality risk assessment is produced and reviewed by SSE and 3C.

## **Working at height**

Teaching staff should avoid working at height to put up displays. All staff have been trained for Working at Height, if staff are awaiting training they will ask for support from trained colleagues. Ladders, step stools and other access equipment are kept on a ladder register and regularly inspected and maintained.
