

Nyewood C E Infant School School Sports Premium Grant 2021 - 2022

The Government grant for providing additional funding of £16,000 per academic year for each school, plus £10 for every child on roll in Key Stage 1 has been confirmed for the year 2021-2022. This is in place to improve provision of Physical Education (PE) and sport in primary schools. This funding is allocated to primary school headteachers.

Please click the following link to access the government website: PE and sport premium for primary schools - GOV.UK (www.gov.uk)

Based on our current numbers, we estimate that the school will be allocated £17440 for the 2021-22 Sports Premium Grant allocation. Of this amount, we estimate that £10000 will be allocated in November 2021 and a further £7440 will be allocated in June 2022. This will be confirmed by the Government in due course.

Following the extremely successful use of the funding in previous years, we will continue with a number of the strategies in place to ensure ongoing, sustainable, improvements to the quality of PE and sport we offer.

Due to the situation with COVID-19 and partial school closure, the total spent last academic year was lower than anticipated. Therefore, there is a proportion of last year's total allocation that has been carried forward into this academic year. This amount is £3322.

Details with regard to funding

Please complete the table below.

Total amount carried over from 2019/20 £13461.83	
Total amount allocated for 2020/21	£17320
Total amount of funding for 2020/21	£13461.83 + £17320 = £30781.83
How much (if any) do you intend to carry over from this total fund into 2021/22? \pounds 3322	
Total amount allocated for 2021/22 £17440	
Total amount of funding for 2021/22. To be spent and reported on by 31st July 2022 £3322 + £17440 = £	

Action Plan and Budget Tracking

Capture your intended annual spend against the 5 key indicators. Clarify the success criteria andevidence of impact that you intend to measure to evaluate for pupils today and for the future.

Academic Year: 2021/22	Total fund allocated: £20762	Date Updo	ated: 15.10.21	
	Key indicator 1: The engagement of <u>all</u> pupils in regular physical activity — Chief Medical Officers guidelines recommend thatprimary school pupils undertake at least 30 minutes of physical activity a day in school			
Intent	Implementation		Impact	
Your school focus should be clear what you want the pupils to know and be able to do and about what they need to learn and to consolidate through practice:	Make sure your actions to achieveare linked to your intentions:	Funding allocated:	Evidence of impact: what do pupils now know and what can they now do? What has changed?:	Sustainability and suggestednext steps:
Maintaining at least 30 minutes spent each day being physically active in school and at least 30 minutes spent each day being physically active outside of school. Children enjoy their time spent being physically active and are engaged in learning, in line with the school vision. Children will lead an active and healthy lifestyle. There will be a positive impact children's physical wellbeing e.g. diminishing the difference between the school and national pictures of obesity.	The school has bought into the West Sussex West School Sport Partnership (WSWSSP), which will allow intents to be implemented in various ways such as: • Playground activity leaders (PALs) training — children will be trained to lead active playtimes • All School families (KS1) receive leisure centre (Arena) Family membership (£60 per family) • All School staff have access to a corporate rate to use the local leisure centre (Arena) gym • Access to resources/equipment • Local updates and communication PE lessons will ensure that time spent being active is maximised — this will be assessed and addressed through robust M and E and any relevant coaching. Teachers will spend time with their children having regular physical opportunities throughout the school day e.g. wake and shake; brain breaks; active lessons; etc.	£250 (proportion of WSWSSP package) £500 (proportion of PE lead time) £100 (proportion of resources cost)		The WSWSSP package has allowed collaborative working with experts in this area and other schools. These links made by the PE Team will last for future generations, even without the funding to purchase the WSWSSP package. Ideas and skillsets can therefore continue to be shared between professionals about how to further support and develop the engagement in all pupils in regular physical activity. Experienced staff continue to lead physical playtime activities, using the PALs training as a guidance for this. Existing staff act as a model for new staff each year so this continues year on year.

	Before and/or after school clubs will be offered to children to maximise the time spent being active outside of school.	£1000 (proportion of children who will be funded)	School link with Freedom Leisure continues to be strong, ensuring that before and after school clubs continue to run for current and future years.
attainment and physical activity levels of pupils.	Children who are less active will be identified through staff conferencing and these children will then be targeted through an additional active lunch time club.	£800 (proportion of lunch time club staff)	Resources for regular physical activity opportunities are readily accessible by new and existing staff.
	Robust M and E will identify the enjoyment and engagement of all pupils in physical activity. It will also identify whether children are leading an active and healthy lifestyle.	£500 (proportion of PE lead time)	PE hall timetable will ensure that PE sessions can continue to occur inside the hall if the weather is bad outside.
	The PE lead will look at other ways to encourage being active outside of school such as 'walk to school' initiatives and signposting families to the school website where there are ideas for physical activity.	£300 (proportion of PE lead time)	

Key indicator 2: The profile of PES	SSPA being raised across the school as a tool for whole school ir	nprovement		Percentage of total allocation:
				£4500/£20762 = 22%
Intent	Implementation		Impact	
Your school focus should be clear what you want the pupils to know and be able to do and about what they need to learn and to consolidate through practice:	Make sure your actions to achieveare linked to your intentions:	Funding allocated:	Evidence of impact: what dopupils now know and what can they now do? What has changed?:	Sustainability and suggested next steps:
Opportunities for 'coming together' are regular and meaningful for all members of our Nyewood Family; they include opportunities for learning, development, socialisation, reflection and growth. The Nyewood CE Infant School curriculum is driven by our school vision for all children to becoming happy, confident, independent learners who play an active role in God's world. The context of the school feeds the provision. Ambition underpins all aspects of the curriculum with desire to secure the best possible outcomes for all. Outcomes in PE learning show that progress has been made since starting points and attainment levels have at least been maintained from previous year.	The PE lead will organise social gatherings for children, staff, governors and the wider community e.g. sports events such as 'Sports Day'. The PE lead will organise shared learning opportunities for	£400 (proportion of PE lead time) £250		The WSWSSP package has allowed collaborative working with experts in this area and other schools. These links made by the PE Team will last for future generations, even without the funding to purchase the WSWSSP package. Ideas can then continue to be shared between professionals about how to raise the profile of PE across the school as a tool for whole school improvement. The WSWSSP has provided the PE lead with regular support and updates to ensure that the school can continue to improve its PE provision. This will be passed onto any future/new staff when appropriate. Progression in skills and assessment documents are
ag.a.g.a.a.g.a.a	children and families e.g. sharing 'dances' virtually or in person, depending on Government guidance.	(proportion of PE lead time)		assessment documents are available on the school network so that staff can refer to these at any time.

The children and matches the context of the school community. Adaptation of the whole school curriculum progressions has been on the PE lead in line with school vision. Whole school progressions fas been on the PE teamfled PE over the past 7 years, which has allowed provision to move the preference of pEP lead to identify the strengths across the curriculum for all children, no matter their stage of development.
