

Nyewood C E Infant School School Sports Premium Grant 2022 - 2023

This document outlines the School Sports Premium Grant funding that has been allocated to Nyewood C E Infant School for 2022-23, as well as an action plan of how this funding will be used to secure improvements in the 5 key indicators specified by the government.

Please see below some of the key information from the government website about the PE and sport premium funding for schools:

About the PE and sport premium

Schools have a central role to play in supporting all children and young people to live healthy active lives. This is particularly true of primary school where the foundations of positive and enjoyable participation in regular physical activity should be established.

Crucial to achieving this is ensuring that pupils have access to at least 30 minutes of physical activity during the school day, alongside high-quality PE provision taught by confident and knowledgeable teachers and opportunities to experience and participate in a wide range of sports and physical activities. PE and sport premium grant funding should be used by schools towards these aims.

How we calculate funding

Schools receive PE and sport premium funding based on the number of pupils in years 1 to 6.

Funding for 2022 to 2023

Schools with 17 or more eligible pupils receive £16,000 and an additional payment of £10 per pupil.

Payment dates for 2022 to 2023

Maintained schools, including PRUs and general hospitals

Maintained schools, including PRUs and general hospitals, do not receive funding directly from DfE. We give the funding to your local authority and they pass it on to you. We give local authorities PE and sport premium funding for maintained schools in 2 separate payments. They receive:

7/12 of your funding allocation on 31 October 2022

5/12 of your funding allocation on 28 April 2023

Based on our pupil numbers, the school will receive £17430 for the academic year 2022-23. We have already received £10168 on 31 October 2022, and will receive a further £7262 on 28 April 2023.

Action Plan and Budget Tracking

Capture your intended annual spend against the 5 key indicators. Clarify the success criteria andevidence of impact that you intend to measure to evaluate for pupils today and for the future.

Academic Year: 2022/23	Total fund allocated: £17430	Date Updo	ated: November 2022]		
Key indicator 1: The engage	Percentage of total allocation:					
school pupils undertake at le	school pupils undertake at least 30 minutes of physical activity a day in school.					
Intent	Implementation		Impact			
Your school focus should be clear what you want the pupils to know and be able to do and about what they need to learn and to consolidate through practice:	Make sure your actions to achieve are linked to your intentions:	Funding allocated:	Evidence of impact: what dopupils now know and what can they now do? What has changed?:	Sustainability and suggested next steps:		
Provide targeted activities and/or support to involve and encourage the least active children. Encouraging active play during break times and lunchtimes for all pupils.	PE lead to send out staff survey to identify the least active children. These children then to take part in an active lunch club, which targets these children in physical activity. West Sussex West School Sports Partnership (WSWSSP) to provide Playground Activity Leaders (PALs) training to pupils so that they can lead active playtimes. Regular communications from PE lead to staff about encouraging and leading active playtimes with all children at all times e.g. staff member allocated football activity to run at	£200 PE lead time £130 (proportion of WSWSSP package)		The WSWSSP package has allowed collaborative working with experts in this area and with other schools. These links made by the PE Lead will last for future generations, even without the funding to purchase the WSWSSP package. Ideas and skillsets can therefore continue to be shared between professionals about how to further support and develop the engagement in all pupils in regular physical activity. Updates, communication and CPD provided by the WSWSSP is passed onto PE lead and any future PE lead, who can		
Establishing, extending or funding attendance of school sports clubs and activities and holiday clubs.	play times. Audit of resources that can be used at playtimes. Range of sports clubs re-established and offered, including free clubs run by staff	£200 resources £1000 Staff time		then disseminate information and training to all staff for future generations. Experienced staff continue to lead physical playtime activities, using the PALs training as a guidance for this.
