

Underpinning Principles for Assessment

Assessment is at the heart of teaching and learning

Assessment gives children the chance to show what they know and what they can do. This helps us to provide the right starting points for all our pupils.

Assessment is fair, honest and consistent

We make sure that assessment works for **everybody**.

Assessment is always used in a positive way.

Assessment provides quality feedback. Children, parents and staff know the next steps in each child's learning. We use this to work together, in school and at times with other schools, to help every child to progress.

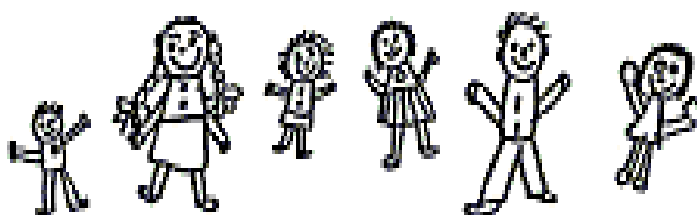

Assessment provides quality feedback

Assessment feedback should inspire greater effort and a belief that through hard work and practice, more can be achieved.

Assessment is ambitious

We have high expectations for all learners, regardless of where children start their learning journey.

We make sure that children aspire to achieve the national expectations for their age and beyond.

“SMILING, CARING AND LEARNING TOGETHER ON A JOURNEY WITH GOD”
